

Text Remind

Wabamun School Staff use Text Remind to keep in contact with families throughout the school year.

Text Remind can be set up and used through an App or you can connect yourself to the teacher by just sending the message to the phone number listed. Once you are connected to the teacher, you will receive messages via the App or by text and if you send a message to the teacher, your message goes only to the teacher and not to anyone else connected to the group.

<u>Name</u>	<u># to send msg to:</u>	<u>Text this Message</u>
